

Community Harvest Project, located in Grafton, MA is a non-profit organization that is dedicated to addressing food insecurity through sustainable farming practices and community engagement.

Original Scent Green Irish Spring Soap is the primary means of deer repellent used on the Community Harvest Farm. Over 500 bars of this soap are used every year.

Community Harvest Project is committed to the mission of engaging and educating volunteers to grow fresh vegetables for hunger relief. Through hands on farming experience, volunteers are empowered to contribute directly to the cultivation and harvesting of nutritious produce.
